INTRODUCTION

Every year Californians provide generous support to a wide array of charities, either directly or through commercial fundraisers charities hire to solicit donations on their behalf. The term “commercial fundraiser” refers generally to a person or corporation that contracts with a charity, for compensation, to solicit funds. The commercial fundraiser charges either a flat fee or a percentage of the donations collected. By law, commercial fundraisers are required to register with the Attorney General’s Registry of Charitable Trusts and file a Notice of Intent to Solicit prior to soliciting donations in California. For each solicitation campaign conducted, they are then required to file annual financial disclosure reports that set forth total revenue and expenses incurred.

This Summary Report is prepared from information contained in the annual financial disclosure reports filed for 2013 and includes statistics for donations of both cash and used personal property (such as clothing and vehicles) for the benefit of charity. Tables 1, 2 and 3 provide information from reports submitted by commercial fundraisers that solicit via direct mail, telemarketing, auctions, and entertainment events. Tables 4, 5 and 6 provide information from reports submitted for thrift store operations and vehicle donation programs.

It is important to note that most of the charities registered with the Attorney General do not use commercial fundraisers to raise funds. Historical figures show that a campaign conducted by a commercial fundraiser returns to the charity, on average, less than 50 percent of the contributions it raises on a charity’s behalf. The remainder is retained by the commercial fundraiser as a fundraising fee and for reimbursement of expenses.

Description and Summary of Information in Tables 1, 2 and 3

- Information was obtained from 924 completed financial reports.
- Commercial fundraisers collected approximately \$361.5 million in charitable contributions in 2013, an increase of \$67.2 million over the amount reported in 2012.
- The distribution to charity in 2013 was approximately \$197.2 million, an increase of approximately \$88.6 million over the amount reported in 2012.
- The average distribution to charity from all campaigns conducted by commercial fundraisers in 2013 was 54.6 %, an increase from the 2012 average of 36.91%.

Overview of Thrift Store Operations and Vehicle Donation Programs

Thrift stores handle what is known under state law as “salvageable personal property.” They may be operated directly by a charity or by a for-profit vendor. For-profit vendors are defined as commercial fundraisers if they (1) receive a management fee or commission from a charity for which they operate a thrift store or (2) purchase a majority of the goods sold from charities or social welfare organizations at negotiated prices. (Government Code, § 12599.)

Charities that operate their own thrift stores incur overhead and other expenses associated with the operation of a retail store. After those expenses are paid, the earnings are used for such things as management expenses and charitable program services.

Vehicle donation programs have become more popular over the past several years. These programs are administered either by charities in-house or by commercial fundraisers that contract to solicit and manage the program on a charity's behalf.

The process of donating a vehicle usually begins when a donor contacts a charity in response to a solicitation campaign. In the initial phone conversation, the donor will be asked questions about the vehicle. Generally, the vehicle will be accepted unless the cost of towing the vehicle exceeds its value. Donors are responsible for notifying the Department of Motor Vehicles of the transfer of registration. Failure to transfer registration has subjected many donors to subsequent penalties and expenses incurred after donation, most often as a result of parking violations.

Description and Summary of Information in Tables 4, 5 and 6

Table 4: Thrift Store Operations – Goods Purchased from Charity: This table lists, in alphabetical order, each charitable organization that solicited donations of used clothing and merchandise (“salvageable personal property”) and sold the property to a for-profit thrift store operator. The name of the for-profit store operator is also listed. (24 completed reports)

Table 5: Thrift Store Operations – Management Fee/Commission: This table lists, in alphabetical order, each charitable organization that solicited donations of used clothing and merchandise and paid a management fee or commission to a for-profit thrift store operator. The name of the for-profit thrift store operator is also listed. (3 completed reports)

Table 6: Vehicle Donation Programs: This table lists, in alphabetical order, each charitable organization that solicited vehicles and paid a management fee or commission to a for-profit reseller. (386 completed reports)

The data contained in these tables can be summarized as follows:

- For-profit thrift store operators that purchased goods from charities reported total revenue of approximately \$106.1 million for the 2013 reporting period. Of this amount, approximately \$14 million, or 13.23%, was paid to charitable organizations. Although total revenue increased from 2012 by approximately \$11.9 million, the percent to charity decreased by 1.9%.
- For-profit thrift store operators that were paid a fee or commission by charities reported total revenue of approximately \$4.4 million for the 2013 reporting period, with approximately \$165,000, or 3.74%, paid to the charities. The percentage to charity decreased slightly from the 2012 figure of 3.94%.

- Total revenue for vehicle donations was approximately \$13.4 million, with the charities receiving approximately \$6.8 million, or 51%, of this amount. The total revenue decreased by approximately \$4.3 million from 2012, while the percent to charity increased by approximately 19.7%.

The information in this summary is derived from unedited reports filed by charities and fundraisers. The filed reports should be consulted for more complete information regarding each solicitation campaign.

This Summary Report and the annual financial reports filed by commercial fundraisers for each campaign are available on our website at <http://oag.ca.gov/charities>. The reports may also be viewed on a computer terminal located in the lobby of the Attorney General's Registry of Charitable Trusts office at 1300 I Street in Sacramento.

The Attorney General also publishes a Guide to Charitable Giving for Donors, which provides advice, guidelines and information to help donors in making giving decisions. The Guide is available on our website at <http://oag.ca.gov/charities> or may be viewed on the computer terminal located in the lobby of the Attorney General's office at 1300 I Street in Sacramento.

TABLE 1

This table lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser used, total revenue raised by the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

This table lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to solicit donated vehicles on the charity's behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser, total revenue raised from the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the "To Charity" column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.
