Re: Request for Public Meetings Regarding the Draft Concept Language for Blackjack-Style Games and Player-Dealer Position Regulations

To the Bureau of Gambling Control Special Programs Unit:

On behalf of the California Gaming Association, whose membership includes both licensed cardrooms and third-party companies subject to the draft concept language issued by the Bureau of Gambling Control (BGC) for blackjack-style games and player-dealer position regulations, we respectfully request the BGC hold a series of regional public meetings in Sacramento, Bay Area, Fresno, Los Angeles, and San Diego.

These meetings provide a critical opportunity for individual cardrooms, employees, and communities that would be impacted by the draft concept language to directly share their perspectives, experiences and suggestions to the Bureau. We believe a public meeting process is critical to the development and consideration of regulations that would have such a drastic and significant impact on the industry.

Thank you for your consideration.

Sincerely,

California Gaming Association
