Judge: Hon. Michael P. Linfield

28 <sup>1</sup> The current Attorney General of the State of California is Rob Bonta.

Electronically Received 10/12/2023 02:00 PM

1 Having considered the motion brought by Plaintiff, the People of the State of California, and on  
2 other papers on file in this matter, it appears to the satisfaction of the Court that this is a proper  
3 case for granting the motion and stipulation to add the following Judgment terms:

4 **IT IS HEREBY ORDERED, ADJUDGED, AND DECREED THAT:**

5 **I. Introduction**

- 6 1. This Order is entered pursuant to Paragraph 68 of the Judgment in this matter and  
7 pursuant to Paragraph 65 of the Judgment in this matter, which states that “[t]he  
8 Attorney General and the County may jointly agree to make changes,  
9 modifications, and amendments to the Judgment in writing, and changes the Parties  
10 deem to be material revisions will be effective after a joint motion is filed by the  
11 Parties with the Court.” (See Stipulated Judgment for Defendant County of Los  
12 Angeles (Jan. 21, 2021).)
- 13 2. All provisions of that final Judgment remain in full force and effect, and the  
14 provisions of this Order are in addition to the County’s existing obligations under  
15 the Judgment and the Detailed Plan incorporated by reference into the Judgment.  
16 The provisions of this Order are incorporated into the Judgment and are subject to  
17 sections XVI, XVII, XVIII, XIX, XX, XXI, XXII, XXIII, and XXIV of the  
18 Judgment. The definitions contained in Paragraph 8 of the Judgment and in the  
19 preamble to the Detailed Plan also apply to this Order.

20 **II. Staffing Plan**

- 21 3. Under Judgment Paragraph 13(a) and this Court’s July 7, 2023 order, by August 1,  
22 2023, the County was required to provide the Monitor with a Staffing Plan  
23 (“Staffing Plan”) to be completed by dates certain that (a) addresses the current  
24 staffing shortages at the Juvenile Halls, (b) contains long-term measures to address  
25 staff recruitment, retention, wellness, safety, leave, attendance, and accountability,  
26 and (c) includes a tracking document that, for each element of the Staffing Plan,  
27 identifies responsible individuals and tasks to be completed by dates certain. A  
28 draft of the Staffing Plan was provided to the Monitor for review and approval on

1 September 11, 2023, and, after further revisions, the Monitor approved the Staffing  
2 Plan on September 27, 2023.

- 3 a. The County shall immediately implement the measures in the Staffing Plan.
- 4 b. If the Monitor reasonably requests that the County utilize any member of  
5 the Subject Matter Expert (SME) team to address recruitment, retention,  
6 attendance, leave, wellness, or safety, the County shall promptly consult  
7 with that SME to obtain their input regarding any of those issues.
- 8 c. The County shall provide the Monitor with staffing outcome data, as  
9 identified by the Monitor, on a monthly basis.
- 10 d. Substantial Compliance requires: (1) Monitor approval of any revisions to  
11 the Staffing Plan; (2) Monitor verification that the County is implementing  
12 the Staffing Plan; and (3) monthly reporting to the Monitor on staffing,  
13 including but not limited to: (a) call outs, (b) number of staff on light duty,  
14 (c) number of staff returning from light duty or leave, and (d) number of  
15 staff resigning or terminated.

16 **III. Compliance Team**

- 17 4. On or before September 22, 2023, the County will create and staff a team to assess  
18 and oversee the County's compliance with the Judgment and to devise and  
19 implement strategies for addressing areas of Non-Compliance or Partial  
20 Compliance ("Compliance Team"). The Compliance Team will include a leader  
21 ("Compliance Team Leader") with the authority to approve and implement  
22 measures to comply with the requirements of the Judgment, the Detailed Plan, and  
23 this Order, as well as corrective actions and policy changes to address Non-  
24 Compliance or Partial Compliance with those requirements. The Compliance Team  
25 Leader will report directly to the Chief Probation Officer and have direct  
26 compliance authority over the Juvenile Halls, facility superintendents, and facility  
27 maintenance, and will work directly with the Monitor and SMEs. The Compliance  
28 Team Leader will work directly with the County's Internal Services Division as

1 needed to ensure that the physical plants of the Juvenile Halls comply with the  
2 Judgment and the Detailed Plan. The Compliance Team will also include  
3 individuals assigned to oversee each Judgment and Detailed Plan provision and to  
4 provide compliance direction to corresponding operational and administrative  
5 personnel at Probation, including but not limited to Chief Deputies, Deputy  
6 Directors, and Bureau Chiefs.

- 7 a. On September 15, 2023, the County provided the Monitor with an  
8 organizational chart and structure identifying each member of the  
9 Compliance Team, along with the Judgment and Detailed Plan provisions,  
10 for which each team member is responsible, in addition to the general  
11 responsibilities, duties, and authority of the Compliance Team Lead and  
12 members for review and approval.
- 13 b. The Compliance Team will meet on a weekly basis to address and resolve  
14 areas of Partial Compliance or Non-Compliance, and will provide the  
15 Monitor with biweekly updates.
- 16 c. Substantial Compliance requires: (1) Monitor approval of the Compliance  
17 Team organizational charts, structure, and responsibilities, duties, and  
18 authority of the Compliance Team Lead and members; (2) that the  
19 Compliance Team meet on a weekly basis at least 95% of the time; (3) that  
20 the Compliance team provide biweekly updates to the Monitor at least 95%  
21 of the time; and (4) that the County provide assurance under penalty of  
22 perjury to the Attorney General that: (a) the Compliance Team and the  
23 Compliance Team Lead have the authority to (i) approve and implement  
24 measures to comply with the requirements of the Judgment and the Detailed  
25 Plan; and (ii) implement corrective actions and policy changes to address  
26 Non-Compliance or Partial Compliance with those requirements; and (b)  
27 the Compliance Team will be in place for the duration of the Judgment.  
28

1 **IV. Medical Transportation**

2 5. By November 1, 2023, the County will have in place a contract for a private  
3 medical transportation provider to help ensure that youth are timely transported to  
4 outside medical services.

5 a. Substantial Compliance requires that: (1) the Monitor review and approve  
6 the statement of work for the contract to confirm it reasonably covers the  
7 required services, including sufficient transportation services to ensure  
8 timely transportation of youth to services for mental health, developmental,  
9 and medical, including dental and ophthalmological, care, treatment, and  
10 services, and (2) data provided on a monthly basis to the Monitor and the  
11 Health and Behavioral Health SME show and the Monitor and the Health  
12 and Behavioral Health SME verify that youth are timely transported to  
13 outside medical services 93% of the time.

14 6. On October 2, 2023, the County provided the Monitor with a draft joint plan from  
15 its Department of Health Services, Department of Mental Health, and Probation  
16 Department for ensuring timely transportation to mental health, developmental, and  
17 medical, including dental and ophthalmological, care, treatment, and services for  
18 Los Padrinos Juvenile Hall (“Joint Medical Transportation Plan”) for review and  
19 approval. A Joint Medical Transportation Plan for Barry J. Nidorf Secure Youth  
20 Treatment Facility will be provided to the Monitor by October 20, 2023. The Joint  
21 Medical Transportation Plans shall include a quality-assurance review process and  
22 weekly collection and review of data in a form that shall also be provided to the  
23 Monitor and the Health and Behavioral Health SME on a biweekly basis.

24 a. Substantial Compliance requires that: (1) the Monitor and the Health and  
25 Behavioral Health SME approve the Joint Medical Transportation Plans,  
26 and (2) monthly data provided by the County to the Monitor and the Health  
27 and Behavioral Health SME show and the Monitor and the Health and  
28 Behavioral Health SME verify that youth are timely transported to medical

1 services 93% of the time and the Monitor and the Health and Behavioral  
2 Health SME verify the data provided.

3 **V. Cold Water Showers – OC Spray**

- 4 7. By February 29, 2024, and as required by Paragraph 12 of the Judgment, the  
5 County will maintain in each Unit in the Los Padrinos Juvenile Hall a functioning  
6 cold water shower for the purposes of decontamination after the use of Oleoresin  
7 Capsicum (OC) spray. The County will also maintain eyewash stations in the event  
8 of a temporarily non-functioning cold water shower. The Monitor will confirm that  
9 cold water showers are maintained at each Juvenile Hall during his first visit  
10 following the effective date of this Order and on an ongoing basis so long as OC  
11 spray is utilized at Los Padrinos Juvenile Hall.
- 12 8. On September 21, 2023, the Monitor approved the County using portable showers  
13 in each Unit as a temporary measure until permanent showers are installed, and, on  
14 October 10, 2023, the County issued a one-page directive requiring Probation to  
15 immediately use these portable cold water showers for youth decontamination  
16 following exposure to OC spray, in addition to utilizing on-Unit eye wash stations  
17 as appropriate, and requiring that portable cold water showers are refilled only with  
18 cold water.
- 19 9. Probation shall document the time of decontamination in relation to the use of OC  
20 spray and verify during the review process conducted by the FIRST Team whether  
21 the decontamination occurred, including the date, time, and place of  
22 decontamination.
- 23 a. Substantial Compliance requires that: (1) all Units have a functioning cold  
24 water shower installed, and 93% of the Units visited by the Monitor have  
25 either functioning cold water showers or a functioning temporary eye wash  
26 station available, and (2) verification by the Monitor that, until the  
27 installation of cold water showers in each Unit at Los Padrinos Juvenile  
28 Hall, the County has either ceased use of OC Spray or established a cold

1 water shower in a Unit approved by the Monitor and implemented the  
2 requirements in paragraph V.8.

3 **VI. Use of Force**

4 10. In accordance with Paragraph 15 of the Judgment and this Court’s June 20, 2023  
5 order, the County was required to provide the Monitor with a written plan for  
6 maintaining timely review of use of force incidents and for addressing the backlog  
7 of use of force incidents (“Written Use of Force Plans”) that had not been timely  
8 reviewed. On September 6, 2023, the Monitor received a written plan for  
9 addressing the backlog of un-reviewed use of force incidents, and approved the  
10 plan on October 5, 2023. On September 21, 2023, the Monitor received a written  
11 plan for addressing ongoing timely review of use of force incidents for review and  
12 approval, and the Monitor approved the plan for Los Padrinos Juvenile Hall on  
13 October 10, 2023. A written plan for addressing ongoing timely review of use of  
14 force incidents at Barry J. Nidorf Secure Youth Treatment Facility will be provided  
15 to the Monitor for review and approval by October 13, 2023.

16 a. Under these plans, the County has agreed to contract with outside experts to  
17 review backlogged use of force incidents, and, on September 20, 2023, the  
18 Monitor reviewed and approved the qualifications for such experts.

19 b. Substantial Compliance requires that:

20 i. By October 1, 2023, the County has trained all experts using the  
21 training that the County provided the Monitor with on or about  
22 September 12, 2023, and that the Monitor approved.

23 ii. Any revisions to use of force review policies and training materials  
24 for both staff and outside experts reviewing use of force incidents be  
25 provided to the Monitor for review and approval.

26 iii. If additional or different experts are contracted with by the County  
27 to review use of force incidents, the County provide the resumes and  
28

1 qualifications of such experts to the Monitor for review and  
2 approval prior to those experts conducting any reviews.

3 11. The Monitor will evaluate the County’s compliance with the approved Written Use  
4 of Force Plans for timely review of use of force incidents. By September 26, 2023,  
5 the County will develop, for review and approval by the Monitor, a case  
6 assignment log for the un-reviewed use of force backlog incidents and a monthly  
7 use of force review tracking log that includes, at a minimum: (1) name and ID  
8 number of involved youth, (2) date of incident; (3) location of incident; (4) primary  
9 staff involved; (5) type of force employed; (6) date and time that incident was  
10 reviewed; and (7) findings and final disposition of review, a reason for the  
11 disposition, and, if the use of force was non-compliant with policy or law or  
12 otherwise inappropriate or unjustified, corrective actions and the timeline for their  
13 implementation. Upon approval by the Monitor, the County shall provide the  
14 Monitor with the log on a monthly basis. Substantial Compliance requires that the  
15 Monitor find that 90% of use of force incidents are timely reviewed by the County  
16 consistent with its Use of Force policy and the Written Use of Force Plans.

17 **VII. Tracking Provision of Required Outdoor Recreation, Programming, Exercise,**  
18 **Religious Services, Visitation, and Phone Calls**

19 12. On October 4, 2023, the County provided the Monitor, for the Monitor’s review  
20 and approval, a draft activity log template to track and substantiate compliance  
21 with Paragraph 24(c)’s requirements for access to daily programming, recreation,  
22 exercise, outside activity, family visitation and calls, and religious services as  
23 required by the Judgment, law, and regulation. Upon Monitor approval, the County  
24 shall provide the Monitor with a completed log reflecting its compliance with  
25 Paragraph 24(c)’s requirements on a weekly basis until the full implementation of  
26 the electronic information technology and data management system (“Electronic  
27 Data System”), at which time the County shall provide the Monitor with weekly  
28 reports as to the same information from that system.

- 1 13. By October 31, 2023, and pursuant to Paragraph 10 of the Judgment, the  
2 corresponding Detailed Plan provisions, and the Monitor’s findings that the  
3 County’s existing paper tracking is insufficient and inadequate, the County will  
4 develop and implement an Electronic Data System for collecting data related to  
5 Paragraph 24(c) of the Judgment. Substantial Compliance requires Monitor  
6 approval of the Electronic Data System.
- 7 14. To ensure proper use by staff of the Electronic Data System, the County will  
8 develop a policy, to be reviewed and approved by the Monitor, requiring accurate  
9 reporting of the data, supervisor sign-off confirming that data submitted is accurate,  
10 and establishing that any falsification of data reported may subject staff to  
11 disciplinary action.
- 12 15. The Monitor will conduct monthly reviews and audit the data for compliance with  
13 Judgment Paragraphs 9, 9(c), 20, 24(a), 24(b), 24(c), 24(d), 24(e), 24(g), 28(b) as  
14 set forth in the Detailed Plan.
- 15 16. Substantial Compliance requires that: (1) the Monitor review and approve the  
16 Electronic Data System and any improvements thereto to address any deficiency or  
17 inadequacy identified by the Monitor; (2) the County provide the Monitor with  
18 weekly data from the Electronic Data System for the first month of implementation  
19 so the Monitor can assess effectiveness; (3) the County develop and implement a  
20 staff training to introduce the Electronic Data System to staff, for review and  
21 approval by the Monitor and provide such training no later than November 20,  
22 2023; (4) the Monitor conduct a monthly review and verification of the reports  
23 provided by the County and determine Substantial Compliance based on the  
24 Substantial Compliances measures set forth in the Detailed Plan for Judgment  
25 Paragraphs 9, 9(c), 20, 24(a), 24(b), 24(c), 24(d), 24(e), 24(g), 28(b) and all related  
26 tasks of the Detailed Plan as incorporated into the Judgment.

27 **VIII. CARE and YES Team**  
28

- 1 17. By October 6, 2023, the County will implement a team-based behavior response  
2 model approved by the Monitor that focuses on de-escalation of youth when  
3 conflict arises. The team responsible for carrying out that model (the “CARE  
4 team”) shall incorporate, at a minimum, Mental Health Staff and Probation Staff,  
5 and shall include staff members identified as skilled in de-escalation and conflict  
6 resolution.
- 7 18. On October 9, 2023, the County provided the Monitor for his review a written  
8 directive and notice to all Probation Staff, Medical Staff, and Mental Health Staff,  
9 and to LACOE, establishing that direct-care staff are required to utilize the CARE  
10 team at the earliest possible opportunity when they observe behaviors escalating.  
11 The County shall provide training on utilizing the CARE team as approved by the  
12 Monitor by October 27, 2023, and the County has sought the Monitor’s availability  
13 to provide such training.
- 14 19. By October 16, 2023, the County will develop and implement a tracking form for  
15 the CARE team, with the Monitor’s approval, which will include the date and time  
16 of the request for the CARE team, the Unit to which the CARE team is called, and  
17 whether the CARE team was able to resolve the situation without use of force or  
18 Room Confinement. These forms will be provided to the Monitor on a monthly  
19 basis.
- 20 20. By April 1, 2024, the County will implement a team-based model for increasing  
21 programming, improving youth/staff interactions, de-escalating situations, reducing  
22 use of force incidents, and changing facility culture, which shall include youth  
23 intake, individualized case planning and re-entry planning, programming review,  
24 use of force debriefs, multi-disciplinary team meetings, data collection,  
25 accommodations for youth with disabilities, and strategies to address youth  
26 misconduct. The personnel responsible for implementing this model shall be  
27 known as the “YES team.”
